Pharmacist is a professional with an extensive expertise in medicine and human health. He/she demonstrates a compassionate attitude towards people and a desire to help society. The profession of pharmacist is dynamic due to continuous advances in scientific research. RSU has excellent cooperation with national pharmacies. Theoretical knowledge is supplemented by a substantial period of placement for each student. Our strength lies in our traditions, and the professionalism and experience of our academic staff.

Assoc. Prof. Baiba Mauriņa, Dean, Faculty of Pharmacy

PHARMACY

Degree	Pharmacist

WHY CHOOSE RSU?

- Leading medical and healthcare university in the Baltics
- Diplomas recognised world-wide
- 25 years of experience in educating international students
- Multicultural study environment
- Student-oriented learning with a balanced student-teacher ratio
- Study placement in pharmaceutical companies, research institutions and pharmacies in Latvia

Studying at RSU Faculty of Pharmacy is a great starting point for a career in the pharmaceutical industry both in Latvia and abroad. RSU opens a broad range of opportunities to its students. We can acquire practical skills in well-equipped laboratories and learn from the best specialists and researchers, not to mention the opportunity of obtaining an internationally approved diploma.

Ksenija, Latvian pharmacy student

APPLICATION REQUIREMENTS

- Completed **secondary education**
 - Diploma
 - Transcript of grades
- **Good or excellent final** grades in the following subjects
 - **Chemistry**
 - **English***
 - **Physics, Mathematics, Biology** (optional)
- **Eligibility for university** studies in the country where secondary education was acquired
- Additional certifications or strong background in **chemistry and healthcare** (optional)

* International test score (e.g. IELTS, TOEFL, etc.)/secondary school grade

Throughout the study process RSU stands out for its individual approach and responsiveness to the needs of its students. Studies are preparing us for a rewarding career in the pharmaceutical industry. We acquire skills in drug development, synthesis and testing. Another advantage of this programme is various placement opportunities in local pharmacies during your later years of study. I highly appreciated the possibility to develop my practical skills.
